## Fairway is Gaining Momentum and is Poised for the Future.

Fairway Independent Mortgage Corp. is proud to be a new member of the Stow community. The company relocated to 4070 Bridgewater Parkway on November 30, 2005.

Together, Brian and Mark Thomas offer 35 years of mortgage loan origination experience. In 1999, they made the decision to form their own mortgage company and established themselves as a new branch of Fairway Independent Mortgage Corp., of Sun Prairie, Wisc. In six years, the branch has grown from three to 10 employees. Since opening its doors, their branch has closed more than 3,200 loans with a lending volume exceeding \$250 million. In 2005, the Stow office had lending volumes of \$55 million. Brian and Mark ranked second and third,

respectively, in the Fairway organization for number of loans closed for the year.

The Thomas brothers were motivated to become entrepreneurs by the opportunity to improve the perception of the lending industry and the people working in it. They built their business on a foundation of honesty, integrity, attention to detail and a desire to provide outstanding service. Doing business their way has proven to be successful.

Brian and Mark look for their success to continue and for the company to grow. Fairway strives to consistently build and maintain strong, successful relationships with clients and associates in Stow and neighboring communities.
